Steel Dock Chain Barrier Bollard 4.5 In. Diameter Yellow

MODEL DCBB-42-4.5

Loading Dock Equipment / Dock Chain Bollard Barrier Systems

PRODUCT OVERVIEW

The dock chain barrier system creates a safe environment for both personnel and products. The steel constructed double chain adds extra security for door up to 10'. Unit is designed with a bolt on chain hook-up enabling quick installation or removal. The chain can be cut to a specific size upon request. The barrier system includes (2) two bollards, (2) 127" long chains and (1) one bollard conversion kit. The conversion kit includes four (4) bollard mounting brackets, (16) self tapping sixteen screws, (1) post unfoldment bracket, and (4) four quick links.

KEY FEATURES

- Provides a safe environment around the dock area and other high traffic areas
- Chains can be mounted at 21" and 39" high on the bollard
- Safety yellow finish for clear visibility
- Simple installation enables immediate use
