304L Stainless Steel DC Powered High Tote Lifter 12 Volt 2,000 Lb. Capacity Silver

MODEL ULM-HTL-2149-20

Ergonomic Solutions / High Tote Lifter

PRODUCT OVERVIEW

A high tote lifter is perfect asset for any food handling atmosphere. The stainless steel construction is easily cleaned due to its smooth finish. An open fork design allows for simple inspection for overall complete hygiene. Products can be raised or lowered by utilizing the 12V DC powered hand pump. When the unit has been raised, it minimizes the amount of bending and twisting that can occur when products are placed in the improper height location. The wheeled scissor base creates a steady base when in position to load or unload merchandise. The overall compact design is easily stored when not in use.

KEY FEATURES

- Open design is easily washable
- Large handle enables simple maneuvering
- Rolls smoothly from area to area
- Hand pump design offers easier and safer lifting
