Portable Steel Stackable Storage Rack Pair 10,000 Lb. Capacity Blue

MODEL U-RACK-US10-BU

Storage Solutions / Portable Storage U-Racks

PRODUCT OVERVIEW

When items need to be stored in the interim, a portable stackable storage rack is a great option. With a simple set the racks can be up and in position very quickly. A strong steel design with a large capacity enables large amounts of product to be stored. Units are stackable to minimize the amount of floor space being utilized. The powder coat finish not only adds baked in toughness, but also limits scuffs and abrasions during storage.

KEY FEATURES

- Great for temporary locations
- Able to be stacked to utilize space
- Simple set up for immediate use
- Welded steel construction for years of dependable service
